### **Qualifications to vote by Early Mail Ballot**

Any registered voter may apply for an early mail ballot. Making a false statement in an application for an early mail ballot, attempting to cast an illegal ballot, and helping anyone cast an illegal ballot are felonies.

### **Qualifications to vote by Absentee Ballot**

1. Absent from your county on Election Day.
2. Unable to appear at the polls due to temporary or permanent illness or disability.
3. Unable to appear because you are the primary care giver of one or more individuals who are ill or physically disabled.
4. A resident or patient of a Veterans Health Administration Hospital.
5. Detained in jail awaiting Grand Jury action or confined in prison after conviction for an offense other than a felony.

### **Please note the following procedural changes:**

New York State voters are no longer permitted to cast a ballot on a voting machine if they have already been issued an early mail, accessible, or absentee ballot for that election. Voters who have already been issued a ballot may cast an affidavit ballot in person, to be counted only if the voter's early mail, accessible, or absentee ballot has not been received.

If a voter requests a second early mail, accessible, or absentee ballot, any previously issued absentee ballot that is returned by the voter will be set aside. If both ballots are received before the return deadline, the ballot with the later postmark date will be accepted unless the first ballot has already been opened. If a voter submits more than one timely ballot and also casts an affidavit ballot, the last received ballot, either submitted in person during the election or by mail within the absentee return deadline, will be canvassed.

**Voters may vote at ANY of the Early Voting poll locations in Westchester County during Early Voting.**

**Voters must vote at their ASSIGNED poll location on General Election days.**
