WESTCHESTER MEN BAND TOGETHER TO CREATE NEW LOCAL CHARITY “100 Donors” THAT WILL GIVE OUT OVER \$20,000 IN IT’S FIRST YEAR TO NONPROFITS

Inspired by the \$2MM impact of the local Women’s only group, Impact 100, the new “100 Donors” nonprofit looks to tap into the untapped potential of Westchester “men” to help further address critical local unmet needs and create an organization capable of generating annual transformative results

WESTCHESTER COUNTY, NY - 100 Donors (100donors.org) Co-founder and Board President, David Ringler, CAP®, CRPC®, CPFA, announced today that 100 Donors, Inc, one of Westchester’s newest 501c3 organizations, is now accepting applications from nonprofits that serve the Westchester area for a chance to be selected to receive a transformational \$20,000 grant this winter. The grant was made possible by the 2021 founding members of this men’s only collective giving organization.

David Ringler, who has close to three decades of experience in wealth management said, “Too often men are outside the giving process. We came together to create 100 Donors to be a space where men can give a smaller amount and still feel the larger impact. We hope to become the beacon for other men in the community to step forward and give big together.”

Ringler continued, “100 Donors is providing the men of Westchester with an understand that collective giving works. Our sibling organization, Impact 100 Westchester, has given out \$300,000 in grants this year after only five years of growth. The benefits to Westchester and the potential for men is obvious. We’re so proud and thankful to the founding local members who have stepped up in our inaugural year, during this time of great uncertainty, trusting this vision and making an inaugural gift of over \$20,000 possible, which has the capacity to do so much good locally. We hope you’ll see us as so much more than a nonprofit; we’re a team that’s just getting started.”

NONPROFITS INTERESTED IN APPLYING FOR GRANT: Visit www.100donors.org/grants for more info and all guidelines. All nonprofits that serve the Westchester area are encouraged to review the RFP and apply by the September 30, 2021 application deadline.

“The road to 100 Donors has not been a straight one—like so many groups that have been impacted by COVID-19, we postponed our launch for over a year, while also realizing that for many—it still may take several years until there’s the certainty needed to give to and join a new organization like 100 Donors,” said Thatcher Drew, 100 Donors, Co-founder. “Which is why we’re so excited by this generous, core group of men who have stepped up to be the first and founding members of the future of giving for guys here in Westchester. This first grant shows that anything is possible and is something that all men in our community can be proud of.”

100 DONORS MISSION

100 Donors is a nonprofit that was founded in 2021 that provides men the opportunity to have a larger positive impact on their community as a group, than as individuals, by leveraging our resources, ideas, and experiences. We value equality, community, and diversity.

The annual goal of 100 Donors will be to invest in empowering and bringing to life the best transformational ideas of local changemakers and nonprofit organizations, through planned annual collective philanthropic giving.

OUR INSPIRATION

We are inspired by Impact 100 Westchester, a women’s-only collective giving organization that has donated over \$2million dollars since they were founded in 2014. 100 Donors is grateful to Impact 100 Westchester Founder Sharon Douglas for her support and guidance. We encourage any woman who is interested in giving, to please visit Impact 100 and explore that amazing organization.

In addition, this organization has been inspired and helped by two seminal programs offered by Volunteer New York! Leadership Westchester and Board Boot Camp. As well as to Pro Bono Partners. We are grateful to all who have stepped up to help inspire this dream become a reality.

WHY IS THE 100 DONORS LOGO CALLED **THE CAMPFIRE?**

IT'S A REMINDER THAT THE IDEA OF COMMUNITY HAS EXISTED FOR AS LONG AS WE'VE GATHERED TO KEEP WARM AROUND THE FIRE + SHARE EXPERIENCES TOGETHER.

IT'S A SYMBOL OF CONNECTION, TRADITION, WHAT WE ARE SUPPORTING, AND A BRIGHTER FUTURE.

IT'S THE BELIEF THAT WE ARE STRONGER AND WISER WHEN WE WORK TOGETHER AND AT THE END OF THE DAY, NO MATTER OUR DIFFERENCES, WE ALL HAVE A PLACE AROUND THE CAMPFIRE.
